## Routine Food Inspection

El Paisa Market LLC  
El Paisa Market  
6905 W Brown Deer Rd  
Milwaukee, WI 53223

June 29, 2007

The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

**Fee Amount: \$0.00**

Code Number	Description of Violation	Correct By
5-205.11	Handsink in the back produce area was being blocked by a garbage can. Remove the garbage can so that the handsink is accessible.	06/29/2007
4-501.11	Masking tape is being used for door gaskets on the door leading into the produce cooler. Masking tape is not approved to be used for repairs. Remove the masking tape and repair the door seal/gasket if needed.=	07/13/2007
3-602.11	Various items throughout the store did not have proper labeling and ingredient list. Provide ingredient list for the donuts and muffins. The burritos and tamales also need to be labeled with store name that made them, contact information, and ingredient list. All products that are purchased in bulk and repackaged need to be labeled with the store name, contact information, and ingredient list or product name.	07/13/2007
6-501.111	Observed a bug light located above a produce stand. Remove the light to a different location to prevent bugs from falling onto produce.  Many fruit flies were present around the pineapples and mangos at the fruit stand. Provide effective pest control to eliminate the fruit flies. Professional pest control may be needed.	07/13/2007
2-301.15	Employees stated that they washed their hands in the prep sink located in the produce cooler. The prep sink is designated only for washing food. No hand washing can be done at the prep sink. Hand washing can only be done at approved hand wash locations.	06/29/2007

- |          |   |            |
|----------|---|------------|
| 4-603.16 | Warewash setup was incorrect. The four compartment sink needs to be correctly setup to provide effective cleaning and sanitizing of dishes and food equipment/utensils. The far right sink is the dump/scrape sink. The next sink over is to be filled with soapy water for washing. The next sink will be filled with clear water for rinsing. The far left sink is to be filled with water and sanitizer (to the correct concentration) for sanitizing. Use test strips to test the concentration of the sanitizer before sanitizing dishes or utensils. **Only the far right sink can be used for hand washing** | 06/29/2007 |
| 3-304.14 | Wiping cloths were not being stored in sanitizer buckets between use. Provide a bucket with the correct sanitizer concentration for the wiping cloths to be stored in between use. Use the cloths periodically to clean dirty surfaces throughout the day. Test and adjust the concentration as needed.   | 06/29/2007 |

### Inspection Notes

Notes: Replace the missing ceiling tiles in the womens restroom. Provide an additional mop rack or mop holders for hanging extra mops and brooms. Post the food dealers license.

On 6/29/2007, I served these orders upon El Paisa Market LLC by leaving this report with
